

Summer Holiday Family Fun

Lower Moor Farm nature reserve

Every Wednesday morning
10.00am – 12.00pm

Wednesday 28th July Brilliant Birds

Join us as we discover how to identify birds using sound, shape, colour and behaviour. We will be going for a walk to the bird hides so don't forget your binoculars.

Wednesday 4th August Wacky Water

Discover more about water and the creatures that live in it. We will chat about where our tap water comes from, make some watery craft creatures to take home and go for a walk around the lakes - don't forget your wellies.

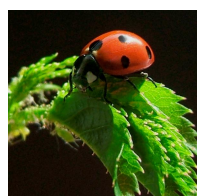

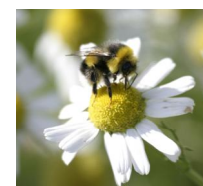

Wednesday 11th August Fish and Fry!

Ever wanted to learn how to catch a fish? Then take this opportunity to discover what fish live in the lakes at Lower Moor Farm, what they like to eat and enjoy a spot of fishing at the same time. The session will end with the chance to taste a fish cooked on the BBQ.

Wednesday 18th August Beautiful Bees

Why do bees have smelly feet and how do they make honey? Join us as we buzz around learning more about bees. We are hoping to be joined by a Wiltshire bee keeper who will bring along a hive to show us the bees in action.

Wednesday 25th August Marvellous Minibeasts

Who lives under a log, in the long grass and in the pond at Lower Moor Farm? Armed with nets, bug pots and magnifying glasses we will explore and discover the smaller creatures on our reserve.

For all our events please remember:

- all children must be accompanied by an adult
- to wear suitable outdoor clothing
- all activities are designed for families with children under the age of 12 years
- and finally **to book a place please call 01380 725670**

Cost: £3.50 per child (under 3's free)
